City To Enforce Stock Ordinance

Board Moves Forward On Jackson Ridge Park

At the Monday meeting of Hancock County Board of Supervisors, a letter was presented from Waveland Town Council stating the need for the Board of Supervisors to move forward on building the Jackson Ridge Park Project. Mayor Corfield Laddner stated in the letter that it was a necessity to the economy of Waveland, Clorment Harbor and Lohachoro areas that this project be built as soon as possible due to the need of helping to put money into that area from a tourist oriented business.

Tommy Kidd of Waveland was present at the board meeting and noted to board members the editorial in last week's issue of the Sea Coast Echo that something should be done to the Jackson Ridge Area. Upon motion by Supervisor Dolph Kollar and seconded by Joe Cuevas the Board agreed to have their attorney, Joe Benvenuti, re-contact local banks to see if funds could be obtained by the county to match federal funds for the project.

In the discussion of the proposed park project, Dolph Kollar stated he was for the project despite rumors saying he was against it. It was also brought out at the meeting that building this project would cost no additional taxes to the city.

Board members voting to authorize their attorney to obtain the financing information were Dolph Kollar, Joe Cuevas, J.C. Mauffray and Russell Elliott.

C. A. Russ, III voted against this authorization, stating he needed more answers before he could be convinced to be in favor of this project.

Russell Elliott, president of the board, stated that definite action will be taken at the next board meeting which will be held Monday, April 13, 1970. Another action at the board meeting, Wayne Allison of the County Health Department appeared before the board explaining health hazards now existing at the Jackson Ridge site, Russell explained that the board would get some relief at this present city dump.

Russell Elliott also brought up the fact that action was already being taken on drainage and opening of ditches in the Shoreline Park Subdivision.

At the long session, Monday, the board requested that the mosquito control commission check into all areas of the County for possible breeding grounds, and report back to the board their findings.

Another action taken up was the remodeling of the rural arena.

LAMAR LEE INJURED

Lamar Lee who was injured in a three-car mishap Monday morning is resting comfortably in a local hospital. Mr. Lee, a member of the County School Board, was on his way to a meeting of the Board when the accident occurred.

REMODELING

Pondoroff Draperies of Main Street, Bay St. Louis, will be closed for a few days while they move into their recent addition and install new machines.

(Cont'd on Page 6-A)

of the County requesting the board to look into the possibility of getting federal grants for relief for rural areas.

Joe Benvenuti, attorney, stated that under the present law, nothing extra could be done to the rural areas.

Don Murray, representative of Malchow Engineers of Gulfport, (Hancock County Engineers), gave a progress report on the Beach Roads.

He stated that preliminary plans and specifications have already been approved for the beach road restoration. He also stated that in approximately one month bids should be let.

He said that the construction would be in 3 separate contracts, covering 3 separate locations on the road.

Monday afternoon the board of supervisors were given a birds eye view of Diamondhead Properties, Inc. by officials of the property. This tour was given in a company plane

owned by Diamondhead. The flight was given to bring the board of supervisors up to date on progress now being done at the site of Diamondhead located 5 miles NE of Bay St. Louis, just off Interstate 10.

After the opening of contractors bids, the Bay St. Louis City Council was faced with a health and sanitation problem caused by the fact that the 1965 city ordinance prohibiting livestock in the city had never been strictly enforced.

It shall be unlawful for any person to keep or allow or permit to be kept any livestock or fowl on such person's property within the city.

Ed Larroux and Mr. McLeod of the Corps of Engineers presented a map showing that a hog

pen, existing in the area of Ballentine, Citizen and Washington Streets, was draining into a common ditch and that although there was very little debris from the pen, it could cause a health and sanitation problem.

Commissioner Andre Arceaux stated, "We must give the people (with livestock) time, a minimum of six months because they would be unable to cope with adjustment before that time."

The council voted to give the citizens who own livestock one full year, until April 7, 1971, to remove stock - cows, calves, bulls, mules, jackasses, jennies, goats, hogs, sheep and fowl - from the corporate limits of the City of Bay St. Louis.

In other business, the Council voted to put a \$25 ad in the St. Stanislaus Sideline Club program for the coming fair.

Adolf Uram, Leopold, asked the Council why the streets were not being worked on. He was told that the City at this time owns no equipment to grade the streets, and the members of the Council expressed confidence in the fact that Gulf Paving would be back on the job on April 15 and that the streets in the program would be completed by July 15.

A proposal to buy a grader was discussed, and Commissioner Bill Frisbie suggested trying to meet with the Board of Supervisors to see if it would be possible to use one of their graders on the City streets.

The Council voted on a resolution to advertise for bids on a grader with two axes, from Mayor Warren Carver and Commissioner Arceaux, and one abstention from Commissioner Frisbie.

The minutes of the Planning Commission were read, and the section to change an area in the City from an R2 to B1 was accepted by the entire Council.

Re-registration of voters was another topic on the agenda. A resolution was drawn up, and the Council members added that the registration books would be brought down stairs to anyone unable to go to the usual registration place on the second floor.

The Council decided to write a letter of Commendation to Greg Pressnell and Steve Worrell for their achievements in the Field of Sports.

Ronnie Artigues was appointed to the Playground Commission.

In presenting the grant certificates to Mr. Netto and Mrs. Wright, Mayor Carver said, "Bay St. Louis sincerely appreciates your efforts in the rehabilitation of your homes to meet Code standards and we are sure your interest and the interests of your neighbors will keep the community a desirable place in which to live."

Homeowners are invited to visit Operation Upturn Headquarters at Webb Community Center, 300 Third Street, or phone 467-5426 for further information at which time application for a grant or loan may be made.

THIS DC-8, the largest airplane to land at Gulf Central Stennis Field, is owned by Diamondhead Corporation, Inc. and was used by Winston Churchill during World War II. The owners used the plane to show the Board of Supervisors and others the entire Diamondhead property and the work that had been done.

This is the first of many large planes to use this air strip," commented Willey Heath.

Waveland Upturn Office Registers Contractors

An Acceptable Contractors list is being compiled in Waveland Operation Upturn office and according to Program Administrator H. J. Hughes, names from local contractors has been most encouraging.

Some of the many problems home owners in the Gulf area had to cope with following the disaster. An untold number of these "back-buck" operators took advantage of unsuspecting residents by performing substandard work, using substandard materials (for which they charged high standard prices), even getting completion certificates signed in advance which they collected the full fee, then left town before completing the work.

Local suppliers suffered accordingly as most of these operators left owing thousands of dollars for materials which suppliers can't collect.

In order to avoid a recurrence of this situation due to a resurgence of rehabilitation construction and to protect not only the home owner but reliable local contractors and suppliers, the Operation Upturn office in Waveland, Bay St. Louis, Pass Christian and Long Beach are drawing up Acceptable Contractors Register. The Register will follow current RAA regulations regarding rehabilitation standards of operation. Only contractors whose names appear on the Register may bid on CAP jobs through the Operation Upturn office.

Residents contemplating renovation work other than through CAP are also urged to use the Register, which is available to all property owners.

Contractors interested in doing rehabilitation work in the Waveland area may apply to the Operation Upturn office in Town Hall for applications and information. Operation Upturn programs are Equal Opportunity programs and require that contractors, subcontractors and suppliers be also.

When a contractor returns his application to the Operation Upturn office, the credit references he has listed are contacted, his experience verified and other home improvement work he has performed is checked by the Inspection Department. If his business references are acceptable, his name is added to the Register which will be posted in Town Hall and published periodically in the local newspapers.

To avoid any misconception that may arise regarding the Contractors Register, it should be noted that only contractors listed in the Register may do CAP rehabilitation work but ALL contractors are welcome to apply for inclusion on the Register. Most importantly, it is not the Operation Upturn office which determines who goes on the list - it is the contractor's own credit rating and past experience that are the deciding factors.

The Register not only protects the interests of the home owner, but can provide increased opportunity to the contractor with a preferred recommendation in his field.

Research and planning phase. E. L. Brunini, chairman of council stated that the change in leadership and headquarters location signaled a transition from the initial planning and organizing phase to a more action-oriented operation.

Concerning the transfer of the directorship, Chairman Brunini said, "The Council in most grateful to Dr. McKee for interrupting his professional and personal life to take on the arduous task of the Council the past several months and to look forward to his continued assistance and cooperation. The Council is also most pleased that Mr. Britton, a man of competence and ability, has agreed to take over the post of Executive Director."

A resident of Pileague, Mississippi, Britton had been serving the Council as manager of the Gulfport Communications Center prior to his appointment as Executive Director.

While serving at the Center, Britton's responsibilities included establishing and maintaining for the Council an effective line of communication for local, state and federal activities in the six counties which make up the "Boothill" of the Mississippi map.

Based on reports of both emergency and long-term problems and needs, Britton also had the responsibility of recommending to the Council courses of action to solve problems, meet needs and maximize opportunities for the area.

Trinity Church Gets Donation From Japan

The students of St. Margaret's School in Tokyo, Japan, recently sent a "Year of the Dog" calendar to Mrs. Wanda C. Pikel, president of the Trinity Episcopal Church.

The calendar represents drawings and paintings from the students of the school, and gives both English and Japanese names of special dates.

Thome of the monthly pictures frequently depicts the "dog" which was considered a sacred animal in Japan three years ago, however, has recently become a symbol of the "Year of the Dog" which the dog is a typical and pleasant memory of the day in the Orient.

with Brenda

NOTES FROM PEARLINGTON
by BRENDA ANDERSON
553-1974

Special Happy Birthday wishes go to Mrs. Bruce Carver who celebrates her birthday today, April 8th.

Sympathy is extended to the family of Mrs. Mary Beckman Waters, mother of V. A. Waters of Pearlington, John A. Waters, and the late Henry E. Waters. Mrs. Waters passed away March 28th. Services were held at the St. Edwards of the Convent Church in Metairie, with interment in the Garden of Memories Cemetery. She was 60.

Little Ellen Douglas is reported as better this week. We hope to see her home soon.

To the Chinese this may well be the year of the Dog (Aquarius) but, to those who live in this area, it is in the year of the Metal Dragon. They're everywhere you look! So, if you happen to be out on a picnic and this odd looking creature with headgear and glassy eyes comes out of the bushes, don't run! It's only a souvenir hunter.

Dorothy John Wardle is in Petal, Mississippi this week holding Royal Service.

Truly glad to report that Thoron McCarty, owner and operator of Theresa's Beauty Salon on Highway 90, is back at work after his illness.

Deep sympathy is extended to the family of Hilda Shaw Matheson.

Last Saturday some of the students at Charles B. Murphy School held a benefit Cane Sale and Cane Give away for the Elton Douglas Fund. The affair was a complete success and it couldn't have been done without the help of the townspeople of Pearlington. Hard work and persistence on the students part, was truly a great factor in the success. The girls who deserve special mention are: Evelyn Randall, Diane Hollis, Debbie Kelly, Sheryl Barber, Cheryl McLeod, Dot Hovor, Orva Hillhouse and Dot McArthur.

Thanks are on call for the Gospel Sing, featuring the Stockstill Brothers, to be held at the C. B. Murphy School on April 11th. Students are selling tickets for this event. You may also purchase tickets at the school.

LITTERBUGS BEWARE!

I teach kids not to litter around Pearlington and along White's road. You wouldn't believe the trash along the roads. People are even dumping trash in or near other people's private drives. In case these litterbugs don't know where the local dump is, I will gladly furnish you with the information. It is located on Highway 604, just outside of the Pearlington city limits, on the right side of the highway. . . and please remember to put it inside the dump. Not in the ditch beside the road. In case these litterbugs don't know it they have evidence of their guilt. Such as letters and papers with their names and addresses on them. May I humbly suggest to the victims, that if the perpetrator is caught, that they pay up the trash to take it to the litterbug dump and ask the person to place it in the dump. And if that fails, the next time dump it in the litterbug yard. I don't think you can be prosecuted for returning something to its rightful owner. These in respect to a fifty dollar fine for littering the roadways, but I've got to tell anyone who has received tickets for this in our area. If there is anyone out there who has received a ticket for littering please let me know. And speaking of the dump, the eye-cos, is it possible for us to get a fence erected around it to keep the trash off of the main highway through our town.

A meeting was held at the C.B. Murphy School last Tuesday to discuss the possibilities of a 4-H Club for this area.

The regular meeting of the Pearlington P.T.O. was held on Tuesday night, April 7th. The new officers for the 1970-1971

year are:

President: Mrs. Mary Beckman Waters

Vice President: Mrs. Mary Beckman Waters

Secretary: Mrs. Mary Beckman Waters

Treasurer: Mrs. Mary Beckman Waters

Members: Mrs. Mary Beckman Waters

Members: Mrs. Mary Beckman Waters

Members: Mrs. Mary Beckman Waters

MEMBERS OF THE Brother Peter Baas Chapter of the National Honor Society at St. Chasels High School in Bay St. Louis, Mississippi, returning from the state convention of the National Honor Society held in Vicksburg, Mississippi. At far left is Victor Frankfort, son of Mr. and Mrs. Victor J. Frankfort, Bay St. Louis; and second from right is Gerald Latta, son of Mrs. Philip J. Latta, 681 St. Louis Street, Bay St. Louis. At center of picture is Douglas Williams McCut, moderator of the National Honor Society of St. Chasels.

FOREST FIRES

During the two-week period of March 29, to April 8, there were 20 forest fires in Hancock County which burned 338 acres. Since January 1, the county has suffered 154 fires which burned 4,458 acres.

school term will be in next weeks column.

Thanks to Mother Nature some of the destruction wrought by Hurricane Camille is being hidden from view. The new green leaves and grass along the highways are hiding some of the downed trees and debris. The scraggly branches of the surviving trees look mighty appealing with their new leaves. And may I go further to say that the towns of this area have never looked better. The majority of the standing buildings have coats of gleaming new paint and the new buildings are certainly an improvement over some of the old deteriorated ones. We regret the loss of some of the historic landmark buildings, but some of the buildings weren't historical at all, they were just old buildings. And if Camille had not destroyed them a few more years of time surely would have. Which reminds me of a long standing local joke in my home town. We have a mechanic there who started his business years ago in a huge house converted into a garage. When one corner would collapse he just moved into another corner. He's in his last corner now and everyone is speculating as to whether or not he will build a new shop when this one goes or if he will retire to the nearby town of Cape Bon.

Contrary to popular belief the Converse Tabor, whose official title is Converse Tabor, is not Oreo or a monster with three heads. The Converse Tabor who came to our house was a very nice young lady by the name of Fran Frieron. Fran has been a resident of Bay St. Louis for two and a half weeks. She says that she loves this area, but she just hasn't got used to the mosquitoes and goats yet. Welcome to Hancock County, Fran.

The girls who hold the banner at the sale, motored to New Orleans Monday afternoon to see Elton Douglas. They met him, Thoron McCarty, reported that Elton was especially pleased to have a homecoming visit with her. He was truly a touching reunion for them all.

Four Contractors Accepted By IAP

The Waveland Operation Upturn office announced today the first four local contractors to be approved for inclusion on the Acceptable Contractors Register.

Sam Blackhard, Chief Building Inspector, submitted the following general contractors' names: James Traversa Construction Co., Charles Johnson, Terry-Pearson, Inc., and Robert Street, all of Waveland.

LANDSCAPE WORKSHOP
Approximately 70 interested gardeners, flower growers and landscape artists attended the Landscape Workshop of the County Extension office Thursday. County Agent John Smith was highly complimented for his part in getting the workshop here and the people who conducted it.

Several more will be cleared for inclusion this week. Blackhard said, as references furnished being returned to the Operation Upturn Office. The above contractors are the first to have filed applications with the Waveland Operation Upturn office to perform residential rehabilitation work under the Certified Area Program. Homeowners who apply for loans and for grants have been approved will choose contractors from the register to bid on their home improvement work.

Only contractors whose names appear on the Register are qualified to perform rehabilitation work financed by the CAP program. Those appearing on the Waveland register are not restricted to that town, however. Operation Upturn offices in Bay St. Louis, Pass Christian and Long Beach also compile Acceptable Contractors Registers for their rehabilitation loans and grants.

Gardner-Hughes Vows Said Last Saturday

Miss Anna Gardner became the bride of John H. Hughes Saturday afternoon at Christ Episcopal Church Rectory with Rev. Charles R. Johnson, rector, and Rev. M. L. Agnew, Curate, officiating at the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Bunk Gardner of Waveland, Miss., and the groom is the son of Mr. and Mrs. Monroe Hughes of Moridian, Miss.

Given in marriage by her father, the bride had Mrs. Roger Crull of Bay St. Louis as her matron of honor. Monroe Hughes Jr. of Starkville, Miss., served as best man. Following the ceremony a reception was held in the home of the bride. Mr. and Mrs. Hughes are making their home in Starkville, Miss. Out of town guests were Mrs. B. C. Salo, B. C. Salo, Jr., and Miss Emily J. Garwood of New Orleans; Monroe Hughes Sr., Moridian, Mr. and Mrs. Jack Horton, Monroe Hughes, Jr., John Wilson and Miss Marsha Howell, Starkville and Mrs. Litt Stockstill, Piquem.

PUBLIC NOTICE
On August 23, 1965, the Commission Council of Bay St. Louis adopted an ordinance prohibiting the keeping of livestock in the city limits. The ordinance has never been strictly enforced. However, due to circumstances which have only recently developed, the City Council finds itself in a position where enforcement of this law must in fact be done. It is realized that immediate action would result in an inconvenience and a hardship on some of our citizens and time must be granted to those citizens for proper arrangements to be made.
We, therefore, wish to bring to the attention of the public that all livestock--cows, calves, bulls, horses, mules, jackasses, jennies, goats, hogs, sheep and fowl--must be removed from within the corporate limits of the City of Bay St. Louis by April 7, 1971.
We also wish to make it clear that anyone causing livestock to be brought into the corporate limits of the City of Bay St. Louis on or after April 7, 1970, will be prosecuted in accordance with the provisions of the ordinance.
This, the 6th day of April, 1970. /s/ Warren Carver, Mayor
/s/ W. M. Frisbie, Commissioner
/s/ Andro Arconoux, Commissioner

JAMES SHANNON, (left) director, Gulf Coast Symphony Orchestra, in photo with Theodore Madson, concert master, who are preparing the orchestra for the final concert of the season on Friday, April 10, at 8:30 p.m. in the Blount High School auditorium. Dr. William Geyer, University of Southern Mississippi, Hattiesburg, absolet, will be guest soloist. (Photo by Gulfport Photo-Movie Service).

Symphony Closes It's Seventh Season

Gulf Coast Symphony Orchestra, under the baton of James Shannon, closes its seventh season April 10, having been lauded the entire season by large and enthusiastic audiences. The orchestra, numbering around seventy, was organized in 1949 to offer their cultural efforts in the community, as well as to offer an educational and enlightening program in the field of music for all ages, adult and children. In addition they encourage student participation in the orchestra, both as permanent orcho-

tra members, as well as featured soloist. It is interesting that the orchestra boasts 22 permanent student members.

Activities of the group in their seventh season have been numerous and varied in spite of the disturbing environment of hurricane Camillo. The program membership drive flourished under a chain of morning coffees, afternoon and evening soirees, given by individuals for which various orchestra members furnished musical entertainment, demonstrated their instruments and previewed the selections programmed for the coming season. Those enlightenment parties were sponsored by the symphony Guild, the ladies group, which in addition raises funds, sale of childrens coloring books which featuring symphonic instruments, soliciting of donations, and sponsoring bus tours to New Orleans with the aid of D. H. Holmes.

The orchestra in the next month will perform their usual school concerts, rehearse in public at the Edgewater Mall, and close their season with a final concert April 10, featuring William Geyer, oboe soloist, at present head of the Music Dept., Mississippi Southern University, Hattiesburg.

C.T. Sonos To Serve As Missionary

Charles Thomas Sonos son of Mr. and Mrs. Earl Sonos of Bayou La Croix has been called to fulfill a two year mission for the church of Jesus Christ of Latter-Day Saints. He is now serving as a missionary in Genova, Italy after completing a three months language course at Brigham Young University in Salt Lake City, Utah.

Richard Daniel another son of Mr. and Mrs. Earl Sonos has returned in May from a two year mission in Brazil.

FRATER ROGER Gromminger congratulates Norman Smith on his achievement.

Norman Smith Among Winners

Norman Smith, an eighth grader at St. Rose de Lima School, merited an Honorable Mention for his exhibit on the Ecological Balance of a Pond

Mr. and Mrs. Michael Alberts, Biloxi, announce the birth of their second child and first son, Mark Charles, March 20 at Keesler Air Force Base Hospital. He weighed seven pounds.

Mrs. Alberts is the former Elaine Manieri, daughter of Mr. and Mrs. Emile Manieri of Bay St. Louis. Mr. and Mrs. Mark Alberts of California are the paternal grandparents.

Mr. and Mrs. Pete Vandervugt announce the arrival of their second child and second girl, Holly, March 19 at Baptist Hospital, Miami, Florida. She weighed seven pounds, eight ounces.

Mrs. Vandervugt, the former Virgie Benigno, is the daughter of Mr. and Mrs. Anthony Benigno of Bay St. Louis.

Mr. and Mrs. Charles E. Jenkins of Gulfport announce the arrival of a son, Charles Thomas, March 30 at Gulfport Memorial Hospital. He weighed six pounds, 10 ounces.

Mrs. Jenkins is the former Kathleen F. McAuley, daughter of Mr. and Mrs. T. F. McAuley of Bay St. Louis. Mr. and Mrs. L. S. Jenkins of Gulfport are the paternal grandparents.

Legion Auxiliary To Meet

American Legion Auxiliary will meet at 8 p.m. Monday, April 13, at the new American Legion Home on Green Meadow Road.

American Legion Commander Edward Murtagh will be guest speaker.

Annual Girl's State will be discussed at this time.

All members are urged to attend and to bring prospective members.

Membership dues are now payable and those who are unable to attend the meeting are asked to mail them to Mrs. Ben Hille Sr., Auxiliary president, or to call her at 467-6497 and she will pick them up.

Echoes

Mr. and Mrs. F. C. Phillips, their daughters Emma Lou, Virginia Mary and Helen and son Morgan of Alamogordo, N. M., left Saturday after a weeks visit with her brother-in-law and sister Mr. and Mrs. Russell Chapman and family. Mrs. Phillips' mother, Mrs. W. W. Morgan of Plomaton, Ala., returned with them and will spend a while with the family in Alamogordo.

While here Morgan celebrated his eighth birthday.

Mr. and Mrs. George Cox and children, Randy, Larry and Karen of Oklahoma City have returned home after visiting with her parents, Mr. and Mrs. Clarence Randolph.

Foster Luke and sister Miss Ileana Luke joined brother-in-law and sister Mr. and Mrs. W. L. Jones, Sr. in Mississippi City and motored to Decatur, Alabama where they were weekend guests of Jones' son and daughter-in-law, Mr. and Mrs. Jones, Jr.

Letters to the editor

Editor, Sea Coast Echo
Regarding the editorial in the Echo April 8, 1970, Jackman Ridge vs. County Board, mention was made of our beautiful beach road to be closed on an access road to the area. The beach drive is a road maintained by our county engineer, who administers the "beach road fund" which we in Hancock County support with three cent per gallon tax on gasoline. Surely, some protection measures could be taken to make our road better maintained with each time on the State Highway department seems to act. After all, the residents of Bay St. Louis and Waveland pay this gasoline tax too, as well as a seven mill ad valorem tax levy to the County for road maintenance.

I agree with you, that accessibility is what is good, but I think there are priorities to consider at a time like this. Our beautiful beach should be made accessible to residents and tourists alike all along the water's edge from our north shore drive to Bayou Caddy. Very truly yours,
OLEAH MAUFFRAY DELPH

PETE FOUNTAIN, (center), world famous jazz musician, signs contract as vice president of the New South Corporation, developers of Timber Ridge, area located on Back Bay St. Louis in Pass Christian. Witnessing the ceremony, Fountain a property owner also, are Steven Plotkin, attorney, left, and Paul H. Smith, sales manager for Timber Ridge.

BROTHER WILLIAM MCCUE, S.C.

Brother McCue S.C. Attends Convention

Brother William McCue, S.C., librarian at St. Stanislaus High School in Bay St. Louis, Mississippi, attended the national convention of the Catholic Library Association held in Boston, Massachusetts, from March 30 - April 3, 1970. He attended a pre-convention workshop concerned with "Librarians for Our Schools."

The Catholic Library Association Convention conducted sessions on children's libraries, high school libraries, and university libraries. One of the noted speakers who addressed the convention was Isaac Asimov, who was on the topic of "What Terms Confrontations On: An Author Broads the Confrontation Gap Barrier." Brother William, the son of Mrs. Charles McCue of Fairbanks, Alaska, is presently in his fourth year at St. Stanislaus High School. He has also taught in schools in Vicksburg, Mississippi; Alexandria, Louisiana; Baton Rouge, Louisiana; New Orleans, Louisiana; and Donaldsonville, Louisiana. He received a bachelor's degree in Commercial Education from Spring Hill College, Mobile, Alabama, in 1971.

UNFOUNDED RUMORS

An unfounded Waveland rumor states the Waveland Volunteer Fire Department permitted a house to burn down March 31. The department answered the call which was a false alarm. The next night an ambulance was called to the same address, 132 LaFitte Drive, which was also a false call.

TRIP OFFERED

Wing Knott of Houth Flying Service is offering a charter trip and a ticket to the Tom Jago Show, July 10, at 8:30 p.m. in Mobile. Tickets for the excursion are \$50 and are available by calling 467-8682.

KREWE OF NEROLDS

The Krewe of Nerolds, Waveland's Carnival Organization, held their annual business meeting and announced the dates of next year's Carnival ball and parade. The 5th annual ball will be held on January 30, 1971 and the 5th annual parade will be held on February 14, 1971.

A Conservative View by James J. Kilpatrick

Throughout the past few weeks, as Democratic leaders struggled to select a new national chairman, one phrase recurred in the press. Lawrence O'Brien, it was said a hundred times, would find his party "in total disarray."

Whereupon there followed a catalog of the Democrats' ailments—a heavy debt still hanging on from 1968, a deepening cleavage between conservative and liberal wings, and the absence of a really dynamic candidate for President in 1972. Woe, ah, woe, and weep for the poor old Democrats! Their party lies near death.

Don't believe a word of it. This is the speech of Br'er Rabbit playing games with Br'er Fox. That famous eight or nine million dollar debt is mostly forgivable paper. The conservative-liberal cleavage is a built-in tradition. "The Democratic Party ain't on speaking terms with itself," Mr. Dooley remarked long ago. And as for an attractive candidate, fear not: Half a dozen hopefuls will emerge in the next 18 months.

The Democratic party, in brief, is about as sick as the Republicans following the Goldwater debacle of 1964. If money serves, the Republicans managed to get off the mat with remarkable speed.

This is not to suggest that the Democrats have no serious problems; it is merely to suggest that the problems are not of a desperate magnitude. The big problem, of course, is Richard Nixon. The President is doing a superb job on the high wire. If he can just get the cost of living in balance, he will be unbeatable in 1972.

The Democrats also have an immediate problem of the November elections this year. Thirty-three Senate seats are up for grabs, but only eight of these are Republican seats. To maintain control of the Senate in the 92nd Congress—and to regain momentum for 1972—the Democrats must hold Republican gains to fewer than seven seats.

It will be a close call. The Republicans have a good chance of gaining a Senate seat in Ohio, provided they avoid an irreparable split between supporters of Governor Rhodes and supporters of Representative Bob Taft. Florida looks good for the Republicans. Senator Tom Dodd is not safe in Connecticut. Mrs. Lenore Romney has a fair chance of defeating Senator Philip Hart in Michigan. Texas offers the Republicans an opportunity. So does Tennessee, Utah and New Jersey offer hope. In Minnesota, Republican Congressman Clark MacGregor could foul up the prettiest dreams of Hubert Humphrey.

The outlook for Democrats in the House is much better. For Republicans to gain control of the lower chamber, the GOP would have to pick up 30 to 35 seats, and no such gain is in sight.

Now, it is true that party labels have become largely meaningless as an absolute indicator of party philosophy. The labels are important, however, in two pragmatic ways. The party with the most seats in Congress gets the fastest in terms of committee power. Second, the races of 1970 have meaning in terms of momentum for 1972.

The Democrats' new party chairman will have to hurl his energies into this year's contests. To lose the Senate would risk disaster; to lose even 15 to 20 seats in the House would have a chilling effect upon campaign contributions for 1972. The Democrats' new party chairman will have to hurl his energies into this year's contests. To lose the Senate would risk disaster; to lose even 15 to 20 seats in the House would have a chilling effect upon campaign contributions for 1972.

But if the new chairman, like Horatius at the bridge, can fend off the ambitious Republicans, leaving the Senate to the forces of November, we can forget all about the lachrymose cry that the Democrats are dead.

Beyond these elementary speculations, fog settles in. If George Wallace wins a newterm as Governor of Alabama, the mighty mite will surely run for President again in 1972. If the rules of the game are changed, to provide for direct national elections or to admit 18-year-olds to the presidential polls, new elements will have to be considered. Nixon could yet fall off his wire. Meanwhile, take this "Democratic disarray" with a tub of salt. There is plenty of life in the old mule yet.

Jerry Haas

Jerry Haas, 18, Poplarville, son of Noel Haas Sr., Kiln, Miss., and Mrs. Susanna Haas, Poplarville, died Sunday morning at Pearl River County Hospital, Poplarville, from injuries sustained in an automobile accident about 11:45 p.m. Saturday on Highway 53 in Savannah Community.

Mr. Haas was employed as a bundle boy at Movie Star Garment Plant in Poplarville and was a member of the First United Methodist Church. In addition to his parents, survivors include three brothers, Noel Haas Jr., Robert and Albert Haas and a sister, Miss Lamenda Haas, all of Poplarville.

Funeral services were held at 8 p.m. Monday from the First United Methodist Church with Rev. J. Harmon Dillard and Rev. J. P. Payne officiating. Interment was in Poplarville Cemetery.

Alfred Lollar

Funeral services for Alfred Monroe Lollar, 62, who held March 20 at Big Can, La., Baptist Church with interment in the church cemetery.

Mr. Lollar died March 10 in a New Orleans hospital from injuries received in an automobile accident March 11.

Mr. Lollar had resided in Pass Christian several years prior to moving to Lafayette, La., and had recently resided in Gulfport.

Survivors are his widow, Kathryn Carter Lollar, a daughter, Mrs. Lollar, and three daughters, Mrs. Doris Lollar, Mrs. Mary Lollar, and Mrs. Lollar, all of Gulfport, Miss.

Funeral services will be held at 2 p.m. Tuesday from the First United Methodist Church with Rev. J. P. Payne officiating. Interment was in Poplarville Cemetery.

Remains were sent to Miller Funeral Home in Mercur for funeral services and interment.

County Agent's Notes

John W. Smith
County Agent
Hancock County

DAIRY GRAZING

Temporary summer grazing will pay big dividends to the dairy farmer. Some of the crops recommended include Sudan -- Greenleaf and Tift, Millet-Ga-Hi-1, Millex 22 and Pearlax; Sudan-Sorghum-TE Haygrazer, Grazer A, Mor Su, Sweet Slur, Sudax, NK Sordan, Pioneer 985 and DeKalb SX-16.

Make three plantings, one in early May, one in late May and one in June. Use 500 pounds of a fertilizer like 13-13-13 per acre. Then add 100 pounds of ammonium nitrate an acre per acre. Seeding rate is 25 pounds per acre broadcast or 15 pounds when planted in 14-inch rows. Begin grazing when the grass is 18 to 24 inches tall.

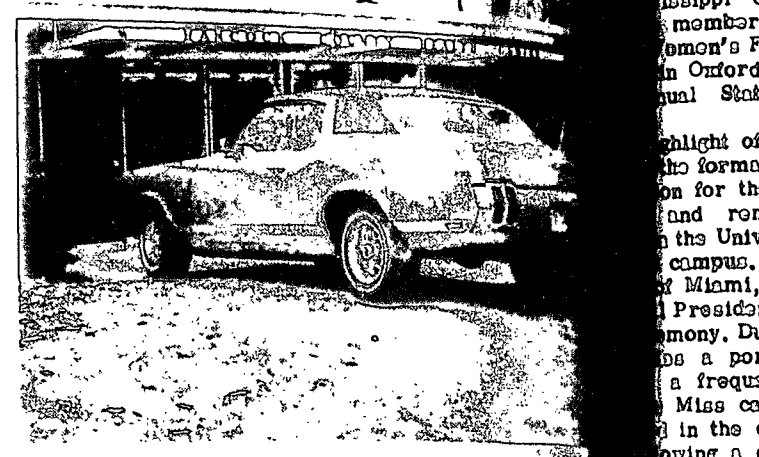

For most profit, manage the grazing. Let cows graze twice a day for an hour or two after morning and evening milking. Leaving the cows on the grazing all the time will result in trampling damage.

PASTURE MANAGEMENT

Ample fertilizer, good weed control and manage grazing will increase your pasture profits. Permanent pastures should be fertilized now. Those that do not have clovers will need 60 pounds per acre each of nitrogen, phosphate and potash. Where good stands of clover are growing, the nitrogen can be left off.

Lots of weeds are now up and growing. Spraying with 2, 4-D will give control of dock, thistle and other broadleaf weeds that are growing. The 2, 4-D will also kill young bit weeds that are beginning to grow. It will also serve as a pre-emergence control for bit-tarweeds that come up later.

Do not use 2,4-D on pastures where vetch, red clover, crimson clover, hop clover, or wild

HANCOCK COUNTY HEALTH CENTER - In the process of completion, having suffered great losses in the area including severe damage to the roof. For completion since, the center had been operating out of the

winter peas are growing. Cross fencing will help in pasture management. In this way an area can be grazed down, then the cattle moved to another pasture while pasture number one makes regrowth.

SOYBEAN WEED CONTROL

Intensive preplant cultivation followed by use of a pre-emergence chemical to control seedling johnsongrass will go a long way toward ridding bean fields of the johnsongrass.

Cultivation should begin when the johnsongrass begins to grow and should be repeated at four to eight day intervals for a total of six to eight cultivations. This will break up the johnsongrass rhizomes into little pieces and kill them. Unless this is followed with pre-emergence herbicides to kill the johnsongrass that comes up from seed, the intensive cultivation method is of doubtful value.

Weed Control in Soybeans is 1.5 by '75 Opportunity

Weed control is the key practice in increasing soybean yields this year, according to County Agent, John W. Smith. "At least half of our soybean acres can be made to produce five bushels per acre more soybeans through improved weed control," he said.

A full program of weed control by chemical and mechanical means would add \$37 million a year to the gross income of Mississippi farmers. The five bushels gain on half of the soybean accounts for \$12 million of this possible increase, the largest figure for any crop.

Weed control and liming are the Practices for Profit in the 1.5 by '75 program for 1970. State goal of the program is farm production valued at \$1.5 billion by 1975, an increase of over 60 percent in a decade.

The main step in increasing soybean yields this year through weed control is to make weed control a field and identify the problem crops.

MAYOR'S PROCLAMATION

WHEREAS daily reading is vital to continuing education and advancement in every field:

WHEREAS the man or woman who uses his public library regularly has a better understanding of the events of the world and a deeper appreciation of life:

WHEREAS the public library is the cultural center of the community, offering not only books of fiction and fact but also a meeting place for cultural activities:

WHEREAS the public, school, college and special libraries deserve the concern and support of every citizen:

WHEREAS National Library Week is being celebrated in every community in Mississippi and has as its purpose fostering more and better reading habits among the citizens of every community and promoting the use of libraries:

BE IT SO RESOLVED that Waveland observe the week of April 12-18 as National Library Week and subscribe to the goals set forth above.

WARREN CARVER, Mayor

Taxpayers Ask IRS

This column of questions and answers on federal tax matters is provided by the local office of the U.S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

- Q) Instead of making an estimated tax declaration, can I just increase my withholding?
- A) Yes. To determine your additional withholding, use the worksheet that came with the estimated tax package. If you did not get an estimated tax package, the Form 1040ES worksheet may be obtained at your local IRS office.
- Q) My father died last year and my wife and I are now supporting my mother. Are her social security benefits counted as income?
- A) Social security benefits are not counted in determining whether you had gross income of \$600 or more. These benefits are counted, however, in determining whether you provided more than half her support.
- Q) I'm moving in a few weeks and my refund hasn't come. What should I do?
- A) If your refund does not come before you move, notify your postmaster of your new address on your refund card. Forwarded. Let of an up-to-date mailing address is a major cause of delayed refunds.
- Q) Do you have to itemize deductions to claim a mortgage interest deduction?
- A) No, you may take the standard deduction and still claim your mortgage interest. To do this, complete Form
- Q) My wife died last year. Can I still file a joint return?
- A) Yes, a joint return may be filed by the surviving spouse for the year in which the death occurred and an exemption for the decedent taken on the return. You may also be entitled to the benefits of a joint return rate for the two years after your spouse's death. This is explained in the 1040 instructions.
- Q) Can I deduct any part of my dues to a charitable organization as a contribution?
- A) Dues paid to qualified organizations are deductible on contributions to the extent they exceed the value of membership services or privileges received in return. Any contributions you make to their fund raising appeals, however, may qualify.
- Q) How do I figure my tax overcharge?
- A) If your tax is less than \$785, you may determine the amount of overcharge you owe from the Surcharge Tables on Page T-1 of the 1040 instructions. For a tax of \$785 and over, multiply the tax by 10 percent to figure the overcharge.
- Q) My wife and I are filing separate returns. Can I itemize while she takes a standard deduction?
- A) No, on separate returns each must use the same method of handling deductions. If one of you itemizes, then both must itemize deductions.

1969 and enter the total on line 15b of Form 1040. Be sure to attach Form 1903 to your return.

Your local IRS office has copies of this form and the necessary instructions.

Q) My wife died last year. Can I still file a joint return?

A) Yes, a joint return may be filed by the surviving spouse for the year in which the death occurred and an exemption for the decedent taken on the return. You may also be entitled to the benefits of a joint return rate for the two years after your spouse's death. This is explained in the 1040 instructions.

Say It With Flowers

By Joe Pitts
Mrs. Leonard...
Auxiliary of Hancock General
Hospital cays patients enjoy

having televisions in their rooms. "Why not subscribe to a television rental service for come patients instead of sending flowers?" suggested Mrs. Seal. The rental service is available through the pink ladies on duty and can be arranged by the day or by the week.

An attractive card giving the name of the person who subscribed to the service is delivered to the room by a candy-stripper who also turns on the television and adjusts the instrument to suit the needs of the patient. A thoughtful gift to relieve the boredom of hospital routine. Weekly rates are only \$10.

Monthly Meeting

Held By O.A.M.

Our Lady of the Gulf by Apostolate held its monthly meeting last Thursday with Mrs. E. D. Larrea, president, presiding. Mrs. Larrea stated that forms sent out pertaining to assistance from women of the Parish in connection with Lay Apostolate work are coming in slowly. She asked that they be completed and returned to the rectory or to her as early as possible.

Following the brief business session Mrs. E. M. Brignac and Mrs. Lucien Gex Sr. hosted a social hour. The next meeting will be at 2 p.m. Thursday, May 7, in Our Lady of the Gulf School cafeteria.

Bids To Be Opened

A bid opening is scheduled for next week by the U.S. Army Corps of Engineers for disaster cleanup work in Hancock and Harrison counties.

The opening, designated for the demolition and disposal of buildings in the two counties, will be opened at 11 a.m., Friday, April 10, also at the Mississippi Power Company auditorium in Gulfport.

Sealed bids will be received at Building 166, Gulfport Seabee Center, until 11:00 a.m. on the day of the opening.

The VFW program, supported by the National Safety Council, the "Lite-A-Bike" program depends on reflective tape donated by 3M Company, which has given more than \$2 million worth of the material to date.

Kila VFW Will Conduct Bike Program

Free reflective tape will be applied to youngsters' bikes in a "Lite-A-Bike" program to be conducted in Kila by the Veterans of Foreign Wars, Post 6266.

Tape will be applied to bicycles at V.F.W. Post on April 18, 1970 from 1 p.m. to 5 p.m. Strips of reflective tape will be put on the rear fender, handlebars, and front forks of the bicycles, making each bike visible after dark from all angles. The highly reflective tape -- the same material used in reflective traffic signs and license plates -- is visible at distances up to 1,800 feet in the headlights of an automobile.

In addition to applying tape, VFW members will inspect the bikes for proper equipment: horn or other signaling device, headlight, rear reflector and functioning brakes.

More than 12 million bikes across the nation have been marked with reflective tape in

NEWLY ELECTED officers of the Hancock County chapter of the University of Southern Mississippi Alumni are (L to R): Mrs. Joanne D. Williams, secretary-treasurer; Nicholas M. Hana, director; Andre Arceneaux, president; Joseph J. Kormanac, vice-president; and Mrs. J. E. Ervin, director.

HERB BARON OF LAMAR-LANE CHEVROLET TURNS NEW CHEVETTE OVER TO THE STOUFFLET FAMILY; LISA, DEBBIE, SUSAN AND MERLE.

Several relatives of Mrs. Moris Stoufflet of Waveland have bought as many as four cars from Lamar-Lane Chevrolet, the progressive dealership. When they found out that Mrs. Stoufflet was interested in a new car they came to see Herb Baron and although she shopped around several times he came up with the best deal. The Lamar-Lane price given Mrs. Stoufflet like many more was the best offered her, she found out that Lamar-Lane gives their customers the best price. Looking for a place to buy your next car, visit Lamar-Lane Chevrolet and ask for Herb Baron, he could save you many dollars. Mrs. Stoufflet and family are very happy with their new Chevonne. LAMAR-LANE CHEVROLET, INC. MR. MERLE STOUFFLET (A Gorry Lane Enterprise) Adv. Waveland, Miss.

Rocky Hill - White Cypress News

By Josephine Brown
467-7741

On Monday, April 4, the Annual Spring Library Club meeting was held at Parkington. Twelve women were present. Those from Hancock North Central School were: Miss Barbara Kinschere, Librarian, Charlotte Brown, assistant, and treasurer, Sandra Cawson, and Veronica Reagin, both assistants and members of the club.

Registration was from 8:30-10:00. The opening was a toll taken either, Mr. Dale Green-

Collection of officers were then held. President-Elly Wood, Playce, Vice-President, Betty Carr, Miss Paul Secretary-Jane Sone, Treasurer-Mollie Davis, Playce, Reporter-Verecia Reagin, Hancock North Central, and Hilarious Thomas River, Long Beach Jr. High.

A tour of the library was taken from 11:00-12:00. Lunch was then served in the cafeteria.

Mr. and Mrs. Leola Nodules, of Nodules Grocery, moved in their new home this past weekend. Camille took their. Mr. and Mrs. John Cawson have also moved in their new brick home.

The Junior Class of Hancock North Central School, put on a play Friday night at school. The name of it was "Marrying Margaret". Those in the cast were: Cole Harris as Harrison Hunter; Trudy Hobert as Winifred Hunter; Linda Dodson as Letitia Hunter; Midge Landau as Margaret Hunter; Dolores Spolar as Harriet Hunter; Jeff Larson as Leonard Skotton; Garland Cawson as Leo Skotton; Audrey Lader as Leona Hunter; Rita Moore as Marjorie Tucker; Gwen Shaw as Amelia Gardner; Larry Lind as Noel Thomas; Miss Trent as Rosa Van Buron; Bolinda Mitchell as Ethel; Greg Lader as Lorin Gilbert; Frank Cawson as Professor Maxwell Davis; and Roger Cawson as Ignatius Wilbur Wellington. Those that did not see the play, really missed a good show. A party was held after at school for the players of the cast.

A family gathering was held at the home of Mr. and Mrs. Lee Cawson for Easter. The kids enjoyed an Easter egg hunt. Those there were: Mr. and Mrs. Roy Cawson and children, Mr. and Mrs. Gussie Cawson and children, of Bay St. Louis. And Mrs. Cawson's Mother, Mrs. Hazel Montroy, of Pascagoula.

Friends of Mrs. George Shiu will be glad to know that she is home and doing good, after undergoing surgery at Lucius O. Crosby Memorial Hospital in Piquette.

Mrs. Effie Cawson, Mrs. D. J. Martin, and myself, attended the Hancock County Extension Landscaping Workshop, last Thursday, in Bay St. Louis. Mrs. D. J. Martin won a door prize—a rubber plant.

CURTAIN FELL ON 90-DAY LEGISLATIVE SESSION WITH

SOME BILLS OUT SOME IN
The Mississippi Legislature adjourned this week after a rather hasty session marked by Saturday and night debates that resulted in passage of a number of bills of keen interest to Farm Bureau members, killing of others, and allowing some to die on the calendar—preempted by adjournment.

BILLS PASSED:
An act to upgrade water will contract work.

An act to give a reflective coating to Mississippi state license plates.

An act to provide funds to reimburse for animal care damaged by tax collectors.

An act to establish a fish and wildlife lab at Mississippi University.

An act applying \$1 million to the state for fire and oil-mining.

An act to curb feeding of garbage to hogs.

An act to collect check-off funds for soybean promotion.

BILLS NOT PASSED:
Transfer of milk commission duties to department of agriculture.

Establishment of assessment standards.

Mandatory use of SMV emblems.

Provisions of laws in favor of hospitals for services to injured persons.

We are trying to get the Extension Homemakers Club started again. We didn't get started back after Camille. If you are interested, please call Mrs. D. J. Martin at 255-7382, Mrs. Effie Cawson at 255-7184, or call me at the above No. We meet once a month, in the afternoon. We have a new Extension Home Economist, Miss Dina O. Parker. She will work with us, and help us in any way that she can. So let us hear from you.

The regular monthly meeting of Hancock North Central P-TA will be held on Monday night, at 7:30 in the school cafeteria. Final plans will be made for the Spring Festival. Make plans to attend.

Mr. and Mrs. James Walters and children, of New Orleans, La. spent Sunday with his sister and brother-in-law, Mr. and

MISS BUCKALEW

Miss Buckalew Plans Wedding

Cross Creek Baptist Church will be the setting Saturday, May 2, at 4:00 p.m. for the marriage of Miss Linda Dianne Buckalew, daughter of Mrs. H. Buckalew, of Poplarville and William T. Buckalew, the Dorby Community, to Jerry Keith Shaw, son of Mr. and Mrs. Carl Shaw of the Cross Creek Community.

There will be a reception following the double ring ceremony. All relatives and friends of the couple are invited to attend.

Fourth Grade Visits Library

The fourth grade class from Christ Episcopal Day School visited the City-County Library on April 6th, under the direction of Mrs. John Stone, the 4th grade teacher. There were approximately 20 children in the group.

They seemed to be particularly interested and outstanding group, said Mrs. Prindiville, of the City-County Library. The class covered more in depth than usual. They also received instructions in the Davy Decal system. They were allowed to go on their own into the Children's Room and look through the books. They were shown how to find a book through the code numbers, etc.

Mrs. Vester Ladner Jr. and children.

Birthday greetings to Mr. Bill Thornton, Richie Lane Ladner, Ruby Lee, Ruth Elaine Woods and Mrs. Jerry Mitchell.

MR. AND MRS. LARRY ALEXANDER OF GULFPORT, MISS., ARE TAKING DELIVERY OF THEIR NEW CHEVY PICKUP FROM SALESMAN JOE PALAZZO OF LAMAR-LANE CHEVROLET OF BAY ST. LOUIS.

Mr. and Mrs. Larry Alexander of Gulfport were in need of a new pickup truck. They shopped the various dealerships along the coast and got their prices. The Alexanders have been reading in the paper and told by friends about all the good deals folks get at Lamar-Lane Chevrolet so they decided to drive over to the Bay and see them before they bought. At Lamar-Lane they were greeted by courteous salesman Joe Palazzo. Joe gave the Alexanders a Lamar-Lane price on a new chevy pickup that was the best offered and they drove it home. Mr. and Mrs. Alexander are very happy they took the time to drive over to Bay St. Louis and check with Lamar-Lane Chevrolet before they bought, as the trip saved them money. Looking for a place to buy your next car or truck, visit Lamar-Lane Chevrolet and ask for Joe Palazzo, he could save you many dollars. LAMAR-LANE CHEVROLET, INC. MR. AND MRS. LARRY ALEXANDER (A Corry Lane Enterprise) Adv. Gulfport, Miss.

Proposals Submitted on Study Contract

Eight aerospace firms have submitted proposals to the NASA-Marshall Space Flight Center on a study contract aimed at defining the auxiliary propulsion system for a space shuttle vehicle.

The proposals are now being evaluated. Also under evaluation in a separate action are bids from three aerospace firms for definition of the main engine propulsion system for the shuttle craft.

The shuttle is envisioned as a winged, reusable vehicle that will ferry men, supplies and equipment into earth orbit and return to earth for refueling and reuse.

The firms submitting proposals on the auxiliary propulsion system were: Bell Aerospace Systems, Grumman Aerospace, Lockheed Aircraft Co., Martin-Marietta Corp., McDonnell Douglas Astronautics Co., Rocket-dyns Div. and Space Div. of North American Rockwell Corp., and TRW, Inc. Aerospace firms that submitted bids for the main propulsion system include Pratt & Whitney Div. of United Aircraft, Aerojet General, and Rocketdyne Div. of North American Rockwell.

Corps Contractors Repairs Started At St. Clare's Church

Quick thinking and fast action by a crew of contractors for the U.S. Army Corps of Engineers helped to avert what could have been a tragedy in Long Beach, April 2.

When a fire of unknown origin broke out in the Buena Vista Drive area, a crew working to clear private property, first called the Fire Department of Long Beach and then rushed for assistance from other crews working in the vicinity. Within minutes two dozens were sent into the wooded area where they proceeded to cut fire lanes in an effort to head off the blaze which was fanned by a stiff breeze.

Teamed with the Long Beach Volunteer Fire Department, the Corps crew fought the menacing flames and won. Within a short while, only clouds of smoke were left to remind the Buena Vista residents, many of whom are re-building from Camille just what a close call they had.

Charles Golin, Jay Schillect, Ernest Wathorby, John Taluto.

St. Clare's Church
St. Clare's Catholic Church, Waveland, announced this week work on the church has been started by Hogan Construction Company and is expected to be completed by the middle of June.

Bids will be let for the school and cafeteria and bids on the convent, which were rejected, Father added, will be rebid.

CORRECTION

Last week the church's name was incorrectly spelled as "St. Clare's" in the March 29 issue. The name should have been spelled "St. Clare's" in the March 29 issue. The name should have been spelled "St. Clare's" in the March 29 issue.

Impala '400' Sale.

You save when you buy it. You save when you drive it.

When you buy any Impala V8 model during our "400" Sale, here's how you can get two popular extras at no extra charge.

You order your Impala equipped with a Turbo Hydra-matic transmission, radio, Comfortilt steering wheel, front and rear bumper guards and white stripe tires. Items you'd probably order anyway.

Then we add our big 400-cubic-inch V8 at 265 hp that runs on regular gas, along with dual exhausts—both at no charge. (The manufacturer's suggested retail price including Federal excise tax for the regular fuel 400 V8 and dual exhausts is \$93.75.)

But that's only the beginning. Because your Chevrolet dealer is really anxious

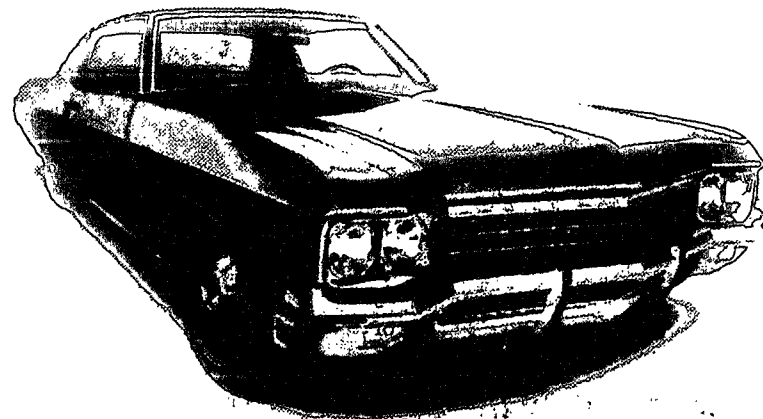

to deal these days.

And the Impala you're buying, of course, got to be America's No. 1 car, because of all the value features built right in. Features like flush-and-dry rocker panels that fight rust. Inner fenders to protect the outer fenders. Long lasting bias belted ply tires, steel guard beams in every door for added protection, an acrylic lacquer finish over its solid Body by Fisher.

All of which contributes to Impala's traditionally high resale value, too.

You're getting America's No. 1 car on sale. The car more people buy—year after year after year.

How can you beat that?

Impala Custom Coupe

Getting you first keeps us first.

FROM ANSLEY

MRS. AUGUST IADNER
PHONE 467-7471

Our ball team had its first practice game Sunday. We are very glad to have all our players back, with Bobby Boudin as manager.

Visiting with us Sunday were Dick and Mayo Huffman of Chalmette, La.

Terrel and Mickey Ladner are proud of their fireplace being built by Mitchell Cagle.

Congratulations to August and Carrie Moran on their 52nd wedding anniversary April 4th.

Lyonic Jr. and Mathew Ladner have had chicken pox but are doing fine and able to get out.

Billy and Myrna Bourgeois are proud owner of a baby colt born Sunday morning April 5th.

Sympathy goes out to Mr. Paul Brown's family. He passed away April 2nd in Hancock General Hospital Bay St. Louis. A native of Mercer, Penn. Survivors are his wife Esther Brown on a step daughter of Penn., and one step-son of New Orleans, La. The body lay in state at Riemann's Funeral Home, Bay St. Louis Saturday night where friends paid their last respects. His body was shipped by train, accompanied by Mrs. Brown and her daughter-in-law where burial will be Thursday in Mercer, Penn. Mr. Paul will be missed by us and all who knew him.

Ansley Community Charity Club sponsors entertainment on Friday night at Friendly Inn (Ansley) 8 p.m. Gifts and door prize.

Chairmen Named For Festival

John C. Hans, garden; Mrs. Prat Cambre, change; Mr. and Mrs. E. Ludwick, treasure Chest; Mr. and Mrs. Jack Dedeaux, dinner; Mrs. Milton Glenn, Snack bar; Mrs. Terrence Feeney, The World Today (Accessories for the home); Mrs. L. T. Boyd Jr., jewelry engraving; Dr. M. L. Dodson, patron list; Mrs. W. L. Braun, publicity; Mrs. Hamilton Gueard III, decorations; Mrs. A. R. Perry, Jr., and Mrs. Roy Ross, tickets; Mrs. William Frisbie and Mrs. William M. Barrentine, telephone and Ed Snow, electricity and carpentry.
